Expo / React Native - 1y

Firebase / Google Cloud Functions

Amazon AWS

Docker

Languages

Spanish

English (B1+)

Profile

I'm 25 y/o from Mendoza, Argentina. Experienced Software Developer adept in all stages of advanced web development. Knowledgeable in testing and debugging processes. Proficient in technologies such as Ruby on Rails, JavaScript, Expo.

Employment History

SSR Ruby on Rails , Beetrack / DispatchTrack (m&a), Santiago

SEPTEMBER 2021 — PRESENT

- *Ruby on Rails + Pg + PostGIS + RabbitMQ + Rspec*

I made a lot of performance improvements on PlannerPro, I migrated queues from SQS to RabbitMQ. Refactor on many sidekiq workers to increase performance and maintainability.

I helped to migrate a rails MVP (OnDemand) to an engine to be mounted on top of LastMile (our main product). I helped creating cloud functions to make change on Rails from React Native through Firebase changes.

SSR Full Stack Ruby on Rails + Vue (Freelance), KeyClouding, Santiago

DECEMBER 2020 — SEPTEMBER 2021

- *Ruby on Rails + VueJS*

First 'long-term' **freelance** job through **Upwork**.

I started working as a full-stack developer taking tickets from Jira. To the end of our contract I was on an upper position taking decision such as migrating from Heroku to AWS, dockerizing all our apps. Having a role more similar to a TL

SSR Full Stack Developer (Remote), Kiltex / Goiar, Buenos Aires

OCTOBER 2019 — NOVEMBER 2020

- Back end developer - *NodeJS | Roche E-learning*

- Front end developer - *React - Intel Marketing Studio*

- Full stack developer - *React + Python - Telemarketing campaign*

- MVP - *Expo / React Native - Vix e-wallet*

Jr Full Stack RoR, Aldibs, Mendoza

MAY 2017 — OCTOBER 2019

This was my first professional experience and what I achieved was:

- Basic **Docker** experience and TDD (**Rspec** + Factory Bot)

- I learned and implemented **Multi-tenancy** architecture

- I achieved successfully a **Migration** from PHP to RoR.

- I deeply studied **Spree/Solidus** core for an implementation with **MercadoLibre** and **MercadoPago** for a customer's marketplace project.

Education

Ingenieria en Sistemas, UTN - Argentina, Mendoza

MAY 2018 — PRESENT
